

## How to Find the Mode or Modal Value

To find the mode or modal value requires you to put the numbers you are given in order.

Look at these numbers:

3, 7, 5, 13, 20, 23, 39, 23, 40, 23, 14, 12, 56, 23, 29

In order these numbers are:

3, 5, 7, 12, 13, 14, 20, 23, 23, 23, 29, 39, 40, 56

This makes it easy to see which numbers appear the most.

In this case the mode or modal value is **23**.

<http://www.mathsisfun.com/mode.html>

The mode is simply the number which appears the most often in a series of numbers.

What could the mode “tell you”? You might want to know the mode of the length of time the greatest number of patient stay on their dialysis treatments.
